

Dear Students and Parents,

Welcome to my flute studio! I am very pleased to be working with you! The following paragraphs detail my studio policies. These policies will inform you of my fees and what I require of my students.

Fees 2014

Half hour lesson- \$20

Forty-five minute lesson- \$30

One hour lesson- \$40

Payment is due at the first lesson of each month for the entire month!

Cancellation Policy

24 hour notice is required for any cancellation. Make up lessons can be arranged if advanced notice is provided. Exceptions may be made in the event of illness or other extenuating circumstances. Please be respectful of my time and I will absolutely be respectful of yours.

Required Materials

Each student is required to bring with them to each lesson:

A flute in good working condition

A notebook for assignments

All books and materials as assigned

A metronome

A tuner (optional but recommended highly)

Practicing

No student improves just by coming to lessons and playing in front of me once a week. Improvement comes with practice outside of the lesson time. I expect each of my students to come to their lessons with their assignments prepared and ready for me to hear. Here is a minimum required amount of practice time.

30 minute lesson- At least 20-25 minutes per day

45 minute lesson- At least 30-40 minutes per day

60 minute lesson- At least 45-60 minutes per day

Please do not think that you can wait all week and then practice for hours the night before your lesson. That is not how improvement is made and I will be able to tell that you are not prepared.

Books and Supplies

There are many great resources for books and supplies! I do expect my students to purchase their own materials.

Flute World (www.fluteworld.com)

Carolyn Nussbaum (www.flute4u.com)

Amazon

These are great places to find materials. I have never had any problems obtaining music from any location and highly recommend Flute World.
